For Immediate Release, May 30, 2018:

Mr. Nem Ochoa Named New General Manager for Crescenta Valley Water District

The Board of Directors of the Crescenta Valley Water District is pleased to announce the appointment of Mr. Nem Ochoa as the District's General Manager. Mr. Ochoa will begin his new position on June 18 following the resignation of Mr. Thomas Love who served the District for the past three years. The selection culminates an extensive recruiting process in which many well-qualified candidates applied for the position.

Mr. Ochoa has extensive experience at both retail and wholesale water agencies. Most recently, he worked as the Assistant General Manager at Elsinore Valley Municipal Water District providing oversight of the Engineering, Operations, and Water Resources Departments. Prior he worked as the Engineering Manager for East Valley Water District and Jurupa Community Service District.

Mr. Ochoa also has wholesale water experience working at the Metropolitan Water District of Southern California as a Water Resource Engineer. Mr. Ochoa's broad experience and emphasis on water supply, infrastructure, financial management, public and political outreach, and organizational development prepares him well as the next General Manager.

Mr. Ochoa holds a Bachelor of Science degree in civil engineering and Master of Business Administration from California State Polytechnic University, Pomona. Mr. Ochoa is also licensed as a Professional Civil Engineer.

Please join me in welcoming Mr. Ochoa to the district..
