CVWD Secures \$5 Million in Water Bonds to Fund Capital Improvement Program

In September 2020, the Crescenta Valley Water District (CVWD) Board of Directors issued \$5 Million in water bonds. These low interest rate bonds will provide the necessary funds needed to launch our Capital Improvement Program (CIP) for essential projects benefitting our community for the Fiscal Year 2020/2021 and Fiscal Year 2021/2022.

Capital Improvement Program Funding Distribution

Bond funds will be distributed among five key Capital Improvement Program categories:

Capital Improvement Program Timeline

CIP construction and implementation is anticipated to begin in December 2020 for Fiscal Year 2020/2021. For projects impacting the community, information will be provided to customers in advance of any construction activities. Additionally, Capital Improvement Program information will be posted on our website at www.cvwd.com. We appreciate your support and patience while we work to make these important improvements to better serve you now and into the future.
