Subject: **Notice of Construction** – Cresta Heights No. 2 Restoration

Dear Resident:

Crescenta Valley Water District (CVWD) would like to inform you of an upcoming improvement project in your neighborhood. CVWD awarded a contract to Premier Tank, of Norwalk, CA, in early April 2025. This project will involve the restoration of the exterior and interior surfaces of the existing water storage tank located at 2829 Willowhaven Drive. The water storage tank is an important component of the District's water supply in your area and is part of the District's continuing efforts to provide its residents with a safe and reliable potable water supply.

The contractor will begin mobilizing on Monday, April 28, 2025. The project is expected to be completed by May 2025. The construction hours will be from 7:30am to 4:00pm on weekdays. The restoration process will involve the installation of a new liquid level indicator, new gaskets and interior improvements. Kindly be aware that, during this period, construction will generate intermittent noise. We apologize in advance for the unavoidable noise as the contractor works on restoring the reservoir.

Contractor vehicles will be parked on CVWD property at the reservoir site. The existing gate on Willowhaven Drive will be used as the main entry point. Please notify us if there are any problems with the increased traffic on Willowhaven Drive.

As in most construction projects, the work will create a certain amount of unavoidable public inconvenience. Your cooperation in making this project successful will be greatly appreciated. Additional information, that is updated periodically, can be found at Crescenta Valley Water District's website at www.cvwd.com.

If you have any questions or comments concerning this project, please contact me by phone at (818) 236-4115 or email me at ckopelman@cvwd.com.

Sincerely,

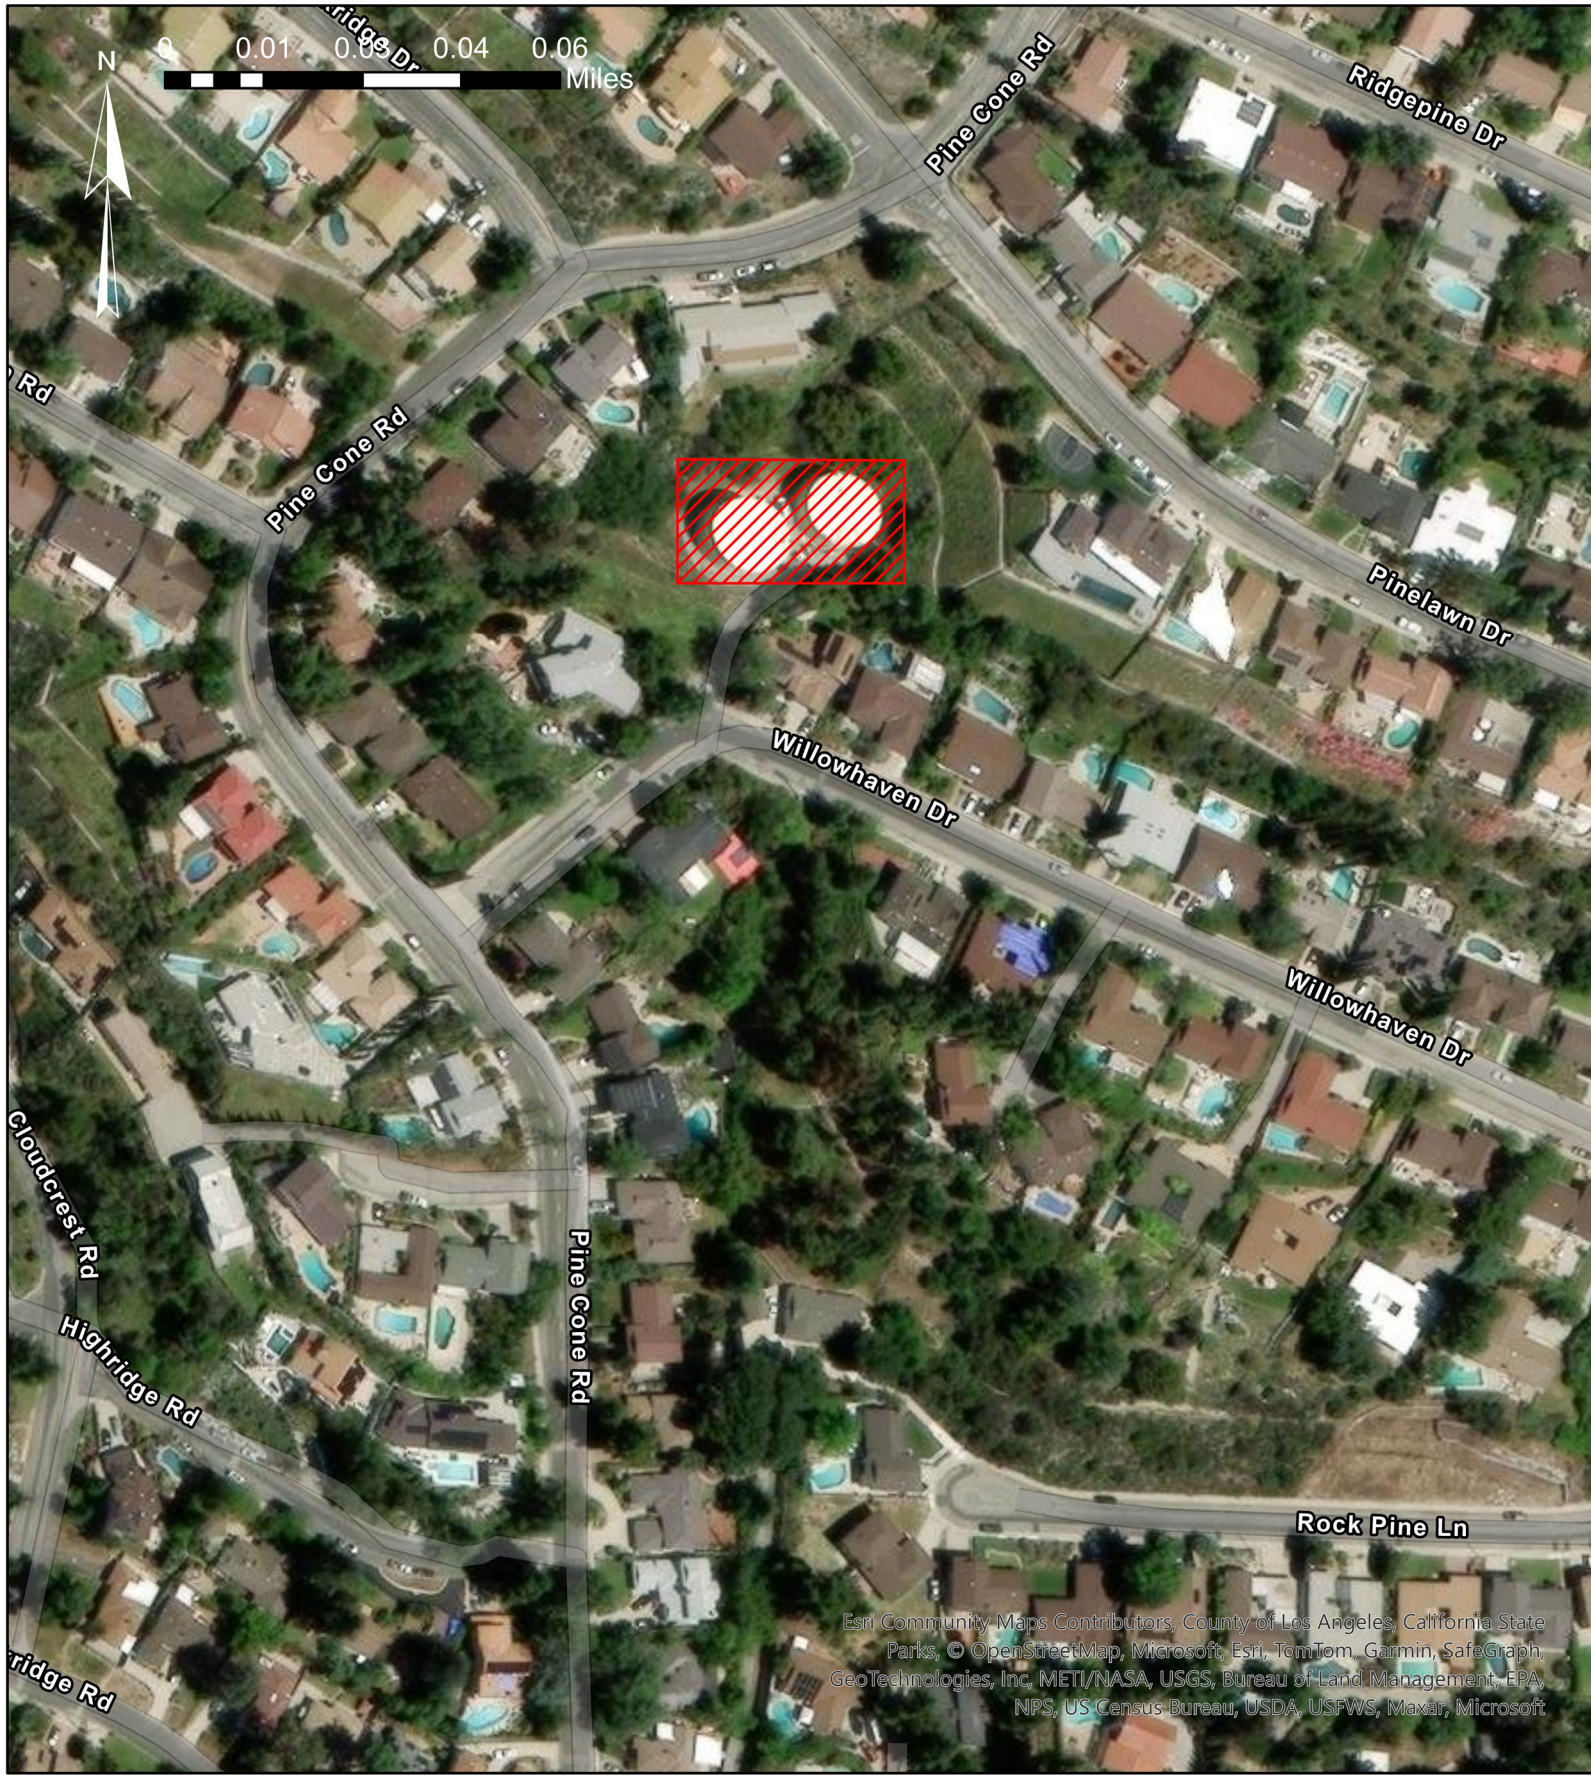

CRESCENTA VALLEY WATER DISTRICT

A handwritten signature in black ink, appearing to read "CK", is written over a horizontal line.
