Subject: **Notice of Water Shutdown** – Construction of 8-inch Water Mains on the 3300 blocks of Brookhill Street, Project E-1002.

Dear Resident:

Please be advised that on the morning of **Thursday, December 19, 2019**, Crescenta Valley Water District and J. DeSigio of Baldwin Park will be performing a water main shutdown to abandon an old 4-inch water main and establish your service on the newly installed 8-inch water main on the 3300 block of Brookhill St.

This work will result in a temporary interruption of water service at your address on **Thursday, December 19, 2019** between the hours of 8:00 a.m. and 5:00 p.m. Please plan for a temporary loss of water and accept our apology if this causes you any inconvenience. A door hanger notification will be delivered to all residents affected should any dates and times change.

We suggest that you draw water in advance of the shut-off time to supply ordinary needs. It is also advisable to store water in the bathtub for toilet flushing. In addition, after the water is back in service, we recommend that you turn on your water faucets slowly as there may be air trapped in your water line from recharging the water main in the street. The air should dissipate quickly and water service restored back to normal. Lastly, it is suggested that you consult the User's Manual for all appliances connected to your home's plumbing system to ensure proper use after the water is back in service.

This work is all part of the District's continuing effort to improve your water system. We ask for your cooperation and thank you for helping us to make this project a success.

If you have any questions or comments concerning this project, please contact me at (818) 236-4117 or e-mail me at byared@cvwd.com.
