For Immediate Release, August 09, 2019:

Water Main Break – Pennsylvania Avenue between El Caminito St and Stevens St.

UPDATE: 8/9/19

Crescenta Valley Water District has completed the temporary repairs to the water main, and water service has been restored to the area and there are four homes with reduced water capacity.

Pennsylvania Ave will remain closed to traffic between El Caminito Street and Stevens St. for safety reasons. CVWD is working with the City of Glendale and County of Los Angeles as to the extent of the damage of the asphalt and concrete on Pennsylvania Ave between El Caminito St. and Fairesta St.

At this time, the tentative schedule has the roadway repaired and back in service by the end of August 2019. The schedule will be updated after meeting with paving contractor, The City of Glendale, and Los Angeles County.

CVWD is aware that the repairs will create a certain amount of unavoidable public inconvenience. Your cooperation in making this project successful is greatly appreciated. Additional information can be found at Crescenta Valley Water District's website at www.cvwd.com.
