Dear Board of Directors:

We are writing a letter in protest to state that we oppose the proposed rate increases from the CVWD.

We are the homeowners at 2634 Prospect Ave, 91214

Thank you,

Rick and Pam Wright

Our email : *pjwright51@yahoo.com*
phone: *818-952-5163*

Sandra Panduro 4436 Young Dr, Montrose, CA 91020

CV Water District

2700 Foothill Blvd

La Crescenta, CA 91214

To Whom it may Concern:

I'm sure that I am not alone in voicing my disapproval of the proposed rate increase that would be the 16th consecutive increase. We have seen no benefit for the fiscal discomfort that comes from multiple bills and their collectors. We just came off of a record rain year so if anything, we should see a rate roll BACK. If the infrastructure needs capital injections, it should come from the builders of multiple home structures that are overburdening our city. Don't punish the citizens that have maintained the quiet, decent way of life we've enjoyed thus far.

Respectfully,

Sandra Panduro

3715 2nd Ave
La Crescenta, CA 91214

5/2/19

To: CVWD

I disagree with
the proposed increase
to our water rates.

By way of this letter I would like to voice my opposition to any increase to water and wastewater rates. Every year we are told to conserve water due to drought. When we do, we are then subjected to increases in our water rates because we, your customers, have not used enough water to pay for CVWD expenditures. It's a vicious cycle and it needs to stop.

Bruce K. Gibson,
Property Owner
3336 Park Vista Drive,
La Crescenta, CA 91214

Water Increase

Message*:
Hello,

First, I am grateful to CV Water for having fresh water at my home. I know it does not appear from "nowhere", and a lot of work is done in the background. You do a wonderful job.

However, this increase and the previous ones is absurd. My water bills go up due to drought, maintenance, and whatever else comes along. Maybe funds are not being managed properly(?). I understand things get more expensive, but I would like to know where funds are being utilized for now. Have there been audits? Are we allowed to weigh in on this?

I am a small business owner and keep a close watch on where my funds are being used, and I only hope you do as well. I am AGAINST further increases.

Sincerely,

George Giaimo

I watched carefully as CVWD wasted hour after hour and dollar after dollar working on a project on Brookhill Street where they had workers and heavy machinery out on a daily basis, only to find they hadn't secured the proper permits to continue working. Now you want the consumers to pay you more? After i watched you WASTE MONEY!! NO! That is not the answer. And your man Corey was as rude to residents as he could be.

Nem Ochoa,

Hello,

As a property owner of a property that is serviced by CVWD, I am writing to protest the proposed rate increase. Please count this as my official letter of protest for the meter at the address listed below. I don't remember the date, but they changed the tier for the water usage by decreasing the number of gallon bags for the first tier and hitting us with high rates for the other tiers. I think this is enough. People can't afford to have their water rates skyrocket.

Nem Ochoa,

I am submitting a protest vote to oppose the proposed rate increase by Crescenta Valley Water District on behalf of the property or properties listed below. Please count this as my official letter of protest for the meter(s) at the address listed below. My name on this letter is my electronic signature.

Dear CVWD,

I oppose you raising the water rate in any form. Not yet another rate hike!

I can't water my plants and trees your water is so expensive! My property and 2 neighbors have and or have dead trees and landscaping.

- You are causing a fire hazard! And now you want to make it worse. You are turning La Crescenta into a desert!

Now the District is asking for an average of 7% increase on water, 7% increase on water meter charges and approximately 4% increase on wastewater service charge and 3.7% for usage rates for 2019 /2020 year. That adds up to a 21.7% increase.

Currently it is cheaper to have drinking water delivered - your price is way too high now.

Your tier system is discriminatory and unfair to families, and should be changed back to the old system!

You have a monopoly please respect the thousands of families you are hurting.

Nem Ochoa,

My husband and I are recently retired and live in our home at 3054 Sycamore Ave. We have a very limited budget now we have retired so the CVWD proposed rate increase will be a burden to our already stretched finances. Perhaps you could consider excluding seniors from this rate increase if the home owner provides proof of age? I am writing to protest the proposed increase and ask you to please consider the effect it will have on seniors with limited income.

Subject: OPPOSE ANOTHER RATE INCREASE

RECEIVED
MAY 16 2019
CRESCENTA VALLEY
WATER DISTRICT

CVWD Board,

I'm writing to oppose yet another rate increase. This is getting ridiculous. I have lived in the same house since October 1973. The water bill is ridiculously high most of the time. I have hired leak detector services many times only to have just 2 big leaks found in the past 46 years. I have had bills of more than a thousand dollars and have never received an adjustment. New meters have been installed because of malfunctions but I never got a price reduction.

My household has gone from a high of 7 people living here to a low of just 2 people. The water bill has never accurately reflected those changes. I have lost many mature trees and plants as I seriously adhered to the drought regulations and have always conserved water in extreme ways. But my water bill is often off the charts.

I have attended board meetings, listened to your presentations and rationales about aging pipes, increased costs for you, etc.

But eventually, the CVWD will drive me out of my house as I age. As a senior, there is no price break for me and the continued rate increases far exceed by COLA pension increases.

I STRONGLY OPPOSE YET ANOTHER CVWD RATE INCREASE.

Sherri Mudd

No more rate increases, please.

I lived in the Santa Clarita Valley for 28 years and was well acquainted with the local water district and many of the staff members. My lot was much bigger in Saugus and my water bill was significantly lower, ALWAYS. In times of dry weather, drought, etc - it was much cheaper to have water and sewer service there.

My move to La Crescenta and the CVWD more than ten years ago was a huge shock. Our household is very conservative with water usage, even before water rationing was required. But the bill goes up and has been extremely high on many occasions.

Stop this madness before you run us all out of the area.
PLEASE.

**CRESCENTA VALLEY
WATER DISTRICT**

Nem Ochoa,

Hello,

As a property owner of a property that is serviced by CVWD, I am writing to protest the proposed rate increase. Please count this as my official letter of protest for the meter at the address listed below. What's most obscene about this is the fact that i solely have my sewer via CVWD and am being doubly jacked up between your utility and La Canada Irrigation who bills us for water. Something is very wrong here and we are writing the public utility commission as well.
