Subject: **Notice of Water Shutdown** – 8-inch Water Main Replacement on the  
3200 Block of Brookhill Street, Project E-1002.

Dear Resident:

Please be advised that on the morning of **Thursday, November 21, 2019**, Crescenta Valley Water District and J. DeSigio Construction will be performing a water main shutdown to abandon an old 4-inch water main at the intersection of Brookhill Street and Maryland Ave. The construction will affect residents in your neighborhood.

Weather permitting; this work will result in a temporary interruption of water service at your address on **Thursday, November 21, 2019** between the hours of 8:00 a.m. and 5:00 p.m. Please plan for this temporary loss of water and accept our apology if this causes you any inconvenience.

We suggest that you draw water in advance of the shutdown time to supply ordinary needs. It is also advisable to store water in the bathtub for toilet flushing. In addition, after the water is back in service, we recommend that you turn on your water faucets slowly as there may be air trapped in your water line from recharging the water main in the street. The air should dissipate quickly and water service restored back to normal. Lastly, it is suggested that for all appliances connected to your home's plumbing system that you consult the User's Manual to ensure proper use after the water is back in service.

This work is all part of the District's continuing effort to improve your water system. We ask for your cooperation and thank you for helping us to make this project a success.

**If you have any questions or comments concerning this project, please contact me at (818) 236-4115 or e-mail me at [colmedo@cvwd.com](mailto:colmedo@cvwd.com).**
